1. Introduction

The Federation recognises that it has a duty to ensure arrangements are in place for safeguarding and promoting the welfare of children and we carry out this duty through our teaching and learning, pastoral care, extended school activities and daily site-management. The elements of this policy are prevention, protection and support. Our policy applies to all pupils, staff, parents/carers, governors, volunteers and visitors. It is expected that our children will, at all times. Flourish in a safe and stimulating environment; they should feel safe and secure and encouraged to relate to trusted adults. We endeavour to provide activities and opportunities in the PSHE curriculum that will equip our children with the skills they need to stay safe and encourage the development of essential life skills.

This policy will be evaluated (through seeking feedback from stakeholders) and reviewed annually. The policy is published on our school website; parents/carers are informed of its publication via a school newsletter and invited to request a hard copy if they prefer. Awareness of our school's collective responsibility relating to safeguarding is maintained through regular items in our newsletter.

2. Procedures

- a. When new staff, volunteers or regular visitors join our school, they are informed of our code of conduct and the safeguarding arrangements in place. New starters are given a copy of our Safeguarding Policy and Child Protection Policy. They are shown the safeguarding/child protection form, given information on how to complete it and who to pass it to. Every new member of staff or volunteer has an induction that includes essential safeguarding information including information relating to: the signs and symptoms of abuse, how to manage a disclosure from a child, how to record disclosures, confidentiality. The induction also instructs staff and volunteers of the responsibility to safeguard children at our school. All new staff and governors are required to complete online child protection training. All regular visitors and volunteers to our school are advised of the name of the designated Child Protection Officer (CPO) and deputies and advised that the designated person(s) should be used as the first point of contact for concerns and queries relating to any safeguarding concern in our school.
- b. Our schools have a designated safeguarding governor, who acts as a link between the Governing Body and CPO. The Governing Body review safeguarding procedures/practices including access to training through regular monitoring. The Governing Body ensures that sufficient resources are given to carry out the duties, including accessing training. Where safeguarding concerns arise regarding a member of staff, the Local Authority LADO procedures will be followed (further detail is contained in our Child Protection Policy).

3. Awareness and prevention

- a. The government has published statutory guidance "Keeping Children Safe in Education (2014)" and Fountains CE Primary School has used this in reviewing its safeguarding policy.
- b. The definition of Safeguarding Children is:
 - i. Protecting children from maltreatment
 - ii. Preventing impairment of children's health or development
 - iii. Ensuring that children are growing up in circumstances consistent with the provision of safe and effective care
 - iv. Taking action to enable all children to have the best outcomes
- c. We are aware that, because of the day-to-day contact with children, school staff are well placed to observe the outward signs of harm. We therefore work hard to:
 - i. Establish and maintain an environment where children feel secure, are encouraged to talk and are listened to.
 - ii. Ensure that all children know there is an adult in the school whom they can approach if they are worried or in difficulty.
 - iii. Include, in the curriculum, opportunities for PSHE which equip children with the skills they need to stay safe from harm and to know how to get help.
 - iv.

4. Support for pupils who may have suffered abuse and neglect

- a. We are aware that children who are significantly harmed or at risk of significant harm or who witness violence may find it difficult to develop a sense of self-worth. They may feel helplessness, humiliation and some sense of blame. Our school may be the only stable, secure and predictable element in the lives of children at risk. When at school, the behaviour of children at risk may be challenging and

defiant or they may be withdrawn. The school endeavours to support children through:

- i. The content of the curriculum.
- ii. Supporting the appropriate assessment of their needs.
- iii. Our schools ethos, which promotes a positive, supportive and secure environment and gives children a sense of being valued.
- iv. Our school Behaviour Policy and Anti-Bullying Policy, which are aimed at supporting vulnerable children in our school.
- v. Liaison with other agencies which support children such as Children and Family Services, Child and Adolescent Mental Health Service, Education Welfare Service and Education Psychology Service.

5. Safer staff recruitment and selection

- a. All staff appointments are in compliance with “Keeping Children Safe in Education” (DfE 2014) and operate within the LSCB Standards for Safer Recruitment procedures (2010). Safer recruitment practice involves a commitment to safeguarding and promoting the welfare of children at every stage of the process, including:
 - i. Advertisements:
 1. Making explicit the need for CRB/DBS disclosures.
 2. Including statements about responsibilities relating to safeguarding in the advertisement, in the job description and person specification.
 3. Sending information about the school’s safeguarding policy and practices to candidates.
 - ii. Applications
 1. Using the standard borough application form (curriculum vitae are not accepted).
 2. Including safeguarding responsibilities in the Job Description / Person Specification / Information Pack sent to candidates.
 3. Scrutinising and shortlisting applications by the interview panel.
 4. Obtaining references prior to interview for shortlisted candidates.
 5. Pre-interview checks.

- c. Before staff are appointed, pre-employment checks are carried out (see Safer Recruitment Policy). DBS checks are sought in line with statutory guidance. Where it is necessary that a member of staff begins employment whilst his/her DBS is being processed, the Headteacher carries out a full risk assessment on the individual, in consultation with HR.
- d. The relevance of any information on the DBS disclosure is considered and the Headteacher may seek further guidance from HR if there is a cause for concern. Where there is a considered risk, a decision is taken by the Local Authority in consultation with the Headteacher and/or Chair of Governors as to whether to progress the appointment or not.

- e. All new staff in the school receive an induction programme including child protection and safeguarding responsibilities.
- f. All details of all appointments/checks are held in a Single Central Record on the school office network. The Governing Body will work with the Headteacher to ensure that the SCR is maintained and monitored.
- g. The school copies to the HR team all documents relating to the recruitment of staff. The school keeps staff files with a safe recruitment checklist in each.

- a. The designated Child Protection Office is Katie Barker and the designated governor responsible for liaising with the local authority and/or partner agencies as appropriate, in the event of allegations being made against the Headteacher is the Chair of Governors
- b. We have a detailed Child Protection Policy, which should be read in conjunction with the Safeguarding Policy. It is the Governing Body's duty to ensure the policy is reviewed annually and any deficiencies within the policy addressed immediately. Specific governors and all staff have had appropriate Child Protection training, which is updated at least every two years.
- c. All concerns regarding children at risk of significant harm are recorded and actioned by the school's CPO unless they involve allegations against adults (other than the Headteacher) working in school, in which case they are dealt with by the Headteacher, (see separate Allegations against Adults working with Children' documents).

 - i. A person trained in first aid is consulted: two first aiders are consulted in the case of a potentially serious injury.
 - ii. Accident forms are completed for all accidents/injuries and when an injury results in a child going to hospital the accident/injuries form is copied and sent to the Local Authority.

In rare circumstances, the appropriate emergency service will be contacted as a matter of urgency before the parent/carer.

Should a child leave the school premises without permission, staff may follow at a distance (depending on the circumstances) having first reported this immediately to the office who will inform the Headteacher or most senior member of staff available. Parents/carers and police will be informed of the circumstances.

- a. The curriculum addresses safeguarding in two ways:
 - i. PSHE, where relevant issues are discussed with all children. Topics include themes such as Drugs, Sex and Relationships, Stranger Danger and Esafety. Children are encouraged to explore and reflect upon these issues.
 - ii. Discussion of safety issues and safe practices taught, such as using equipment properly in PE and Design and Technology.
