<p>We know lots of you are really missing your friends, we are missing you all too. Although you get to see each other on our Teams call we don't get long to chat and with lots of you on the same call it might be hard to talk to your friends. Remember you can email each other on Purple Mash, just remember Miss Rogers sees all the emails. Or you could ask your grown up if you could use your Purple Mash email to arrange to ring/facetime a friend. Always ask your grown ups permission and only share your details with people you know.</p>
